Mr. Renken has a broad range of experience in the appraisal and analysis of office, retail shopping centers, commercial, multiple-residential, residential subdivision, hotels, industrial properties, and raw acreage, and many other types of properties. Additionally, Mr. Renken performs certified commercial and residential reviews for several southern California lending institutions.

JOHN H. RENKEN, MAI

QUALIFICATIONS (continued)

Reports have been prepared for such functions as sale, construction loan, permanent financing, asset monitoring, estate planning, and division of interests. Active work with computer analysis programs includes Argus. Following is a partial list of the property types appraised by Mr. Renken:

***Office Buildings***

High-rise office buildings, mid-rise office buildings, low-rise office buildings, garden-style office buildings, office condominiums, and bank branches.

***Medical***

Medical office buildings and medical office condominiums.

***Retail***

Power centers, neighborhood shopping centers, strip centers, stand-alone retail stores, restaurants, and fast-food restaurants.

***Industrial***

Business parks, industrial parks, distribution buildings, manufacturing buildings, research and development buildings, storage facilities, and mini-warehouses.

***Residential***

Estate homes, condominium developments, planned unit developments, apartments, hotels/motels, bed and breakfast, mobile home parks, single family residences, multi-family residences, low income housing, and senior housing.

***Subdivisions***

Completed lots, undeveloped lots partially completed and proposed lots, high-end production homes, existing and proposed condominiums, single family lots, and condominium proposed lots.

***Vacant Land***

Commercial lots and acreage, estate home lots, industrial lots and acreage, parking lots, and those uses listed under subdivisions.

***Special Purpose***

Automobile dealerships, automobile repair facilities, movie theaters, parking structures, churches, and government-leased buildings.
